A modern building containing 13 residential units will soon be constructed near the center of Poreč. The penthouse on the third floor will have a net area of 120.85 m², including a hallway, a spacious living room, a dining room, an open-space style kitchen, three bedrooms, two bathrooms, a storage room, and a large partially covered terrace that will serve as a dining area, sunbathing space, and swimming pool measuring 18 m².

Being oriented towards the west, the terrace will provide a panoramic view of the sea and the sunset. The apartment will have floor heating throughout, powered by a heat pump, and air conditioners will also be installed.

The apartments will be constructed using the highest quality materials, and the building will have an elevator. The apartment will also come with two parking spaces and a storage room of 4,00 m², which will be located on the ground floor of the building.
